John Antzoulis

Date of birth: 10/04/2001| Gender: Male | Nationality: British | Mobile phone: +34 610963047 | Email address: contact@johnantz.dev | Home address: (Spain)

Skills

- use markup languages
- CSS
- JavaScript Framework
- SQL
- Microsoft Office
- Node.js e NPM
- geographic information systems
- Python (computer programming)

Language Skills

- **Spanish**: Mother tongue
- **English**
  - Listening: C2
  - Reading: C2
  - Spoken production: C1
  - Spoken interaction: C1
  - Writing: C1
- **Greek**
  - Listening: A1
  - Reading: A1
  - Spoken production: A1
  - Spoken interaction: A1
  - Writing: A1

Driving Licence

- Driving licence B

Education & Training

Higher Vocational Training in Web Application Development

20/10/2025 - Current

IES Albárregas | Mérida, Spain

Design and development of full-stack web applications using modern front-end and back-end technologies with database integration. Application of structured programming principles, version control, and best practices in responsive design, security, and software development life cycle.

Field(s) of study: Software and applications development and analysis | **Level in EQF:** 5

Environmental Sciences Degree (Currently paused)

01/09/2020 - Current

Universidad de Málaga | Málaga, Spain

Comprehensive understanding of environmental systems and human impacts, including climate change and pollution, supported by scientific analysis and tools such as GIS. Knowledge of environmental processes, policies, and sustainability principles for effective resource management and conservation.

Field(s) of study: Environmental sciences | **Level in EQF:** 6

Science Baccalaureate

01/09/2017 - 17/06/2020

Salesianos María Auxiliadora | Algeciras, Spain

Strong foundation in core scientific disciplines (Mathematics, Physics, Chemistry, and Biology) with emphasis on analytical thinking, problem-solving, and scientific methodology. Practical laboratory experience combined with an understanding of the technological, socio-economic, and legal context of science.

Field(s) of study: Natural sciences, mathematics and statistics not further defined | **Level in EQF:** 4

Certifications

AI Development

12/10/2025

Big School | Online

Practical application of AI in software development, including integration of AI tools for coding, automation, and workflow optimisation, with experience in prompt engineering and rapid prototyping. Understanding of AI capabilities, limitations, and best practices for efficient and responsible use across development environments.
